NOTICE OF ALLOWANCE

Specification

1. The substitute specification filed December 17, 2004 has been entered.

Allowable Subject Matter

2. Claims 24-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: The present invention is drawn to a polishing and cleaning compound system. It is the examiner's opinion that the prior art of record considered as a whole, alone or in combination, neither anticipates nor renders obvious at least two first rollers operable to rotate which are arranged above the cylindrical polishing tools to limit an upper position of the work piece and to make the work piece rotate along its axis and to make the work piece move such that a center of the work piece crosses a contact area of the cylindrical polishing tools, together in combination with the rest of the limitations in the independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Thomas whose telephone number is (571) 272-4497. The examiner can normally be reached on 7-4 M-F.
